Dear Dicks

Enclosed is Amendment No. 2 to Contract No. HTR-88 for your review and acceptance.

We have provided two types of rates for each location. One rate provides for payment of per diem within the man month rate and the other does not. This latter rate would be used in the event Government quarters and messing were furnished. Attached is a chart which gives the man month breakdown which excludes the per diem.

25X1A

It has been noted that you billed for Senior Field Engineers though the monthly base salary or each corresponds to that of Field Service Engineer, Special. It is suggested that you correct this in your next billing.

Sincerely,

DAR
